

## Serving Our Community Every Way Possible

As a community hospital, we are committed to being a good corporate citizen that provides not only quality patient care, but also a strong, stable presence in Tulsa. As a premier health care provider, we are dedicated to doing our fair share alongside other Tulsa hospitals in supporting those less fortunate in the community through charity care in addition to supporting public programs as a tax paying organization.

### Over the past eight years, SouthCrest Hospital has reinvested in the community by adding:

- Two medical office buildings
- Two floors to the hospital
- Labor and delivery suites
- Ambulatory Surgery Center
- Operating suites
- Tulsa's Heart Hospital including state-of-the-art cath labs, ICU and cardiac floor

- The Center for Surgical Weight Control
- The SouthCrest Wellness and Sports Medicine Center in the Union Multipurpose Activity Center (UMAC)

### Opened in 2007:

- Emergency Room expansion
- Outpatient Physical Therapy
- 64-slice CT Scanner
- Outpatient Diagnostic Center

## 2006 REPORT TO THE COMMUNITY
