----------------------------	---------------

From January 1, 2007 through December 31, 2007

As a community hospital, we are committed to being a good corporate citizen that provides not only quality patient care, but also a strong, stable presence in Tulsa. As a premier health care provider, we are dedicated to doing our fair share alongside other Tulsa hospitals in supporting those less fortunate in the community through charity care in addition to supporting public programs as a tax paying organization.

Over the past nine years, SouthCrest Hospital has reinvested in the community by adding:

- Two medical office buildings
- Two floors to the hospital
- Labor and delivery suites
- Ambulatory Surgery Center
- Operating suites
- Tulsa's Heart Hospital including state-of-the-art cath labs, ICU and cardiac floor
- The SouthCrest Wellness and Sports Medicine Center in the Union Multipurpose Activity Center (UMAC)
- Emergency Room expansion
- Outpatient Physical Therapy
- 64-slice CT Scanner
- Outpatient Diagnostic Center
